Terminology

Select- This is our #1 grade. Trees will be well branched, healthy and balanced trees.

Bed Select- This is a #2 grade. Trees will be healthy, but will be more narrow and less branched than our Select grade. Trees may have small gaps.

Regular- Trees are lighter branched, thinner bodies.

Whip- Trees are lighter in caliper and haven't developed many (or any) branching yet.

BR Whip- Branched Whip. Trees have a little heavier caliper than a whip, and they will have some branching that has started to develop. These will be 25mm in caliper.

Tree- These trees will be 30mm in caliper and will have strong, developed branching.

bb- Stringball. Trees will come packaged with a burlap sheet around the root ball tied off with rope.

B&B - Ball Boy. Trees will come packaged with a burlap sheet and a daisy (wire) basket around the root ball that is tied off with rope.

WB- Wire Basket. Trees are machine dug into a large wire basket, with a burlap liner inside, tied off with rope. These trees are dug, loaded and should be planted with equipment. Smaller WB's can be rolled out of a truck or trailer and into the hole, but if planting a large quantity of them, plan on having something available to lift and move the trees with.

Bare Root- Trees do not come with a dirt ball on them. They are lifted out of the ground, the dirt is shaken off and they are shipped without any dirt ball. Evergreen trees are bundled together and wrapped in burlap sheets around the roots. Deciduous trees are bundled and tied together to make shipping easier.

Evergreens

Balsam Fir

Terms & Conditions

Prices

This price list cancels all previous price lists. Prices shown are based on market conditions at the time this book was published. All prices are F.O.B our yard, Bothwell Ontario and are subject to change without notice.

Terms

We accept cash, cheques, Visa, Mastercard, Interact and online Credit Card payments. Often, a deposit is required to secure an order; payment in full is required before we dig orders.

HST

13% HST will be charged on all sales

Delivery

Stock can be delivered throughout our area for an extra delivery fee. We have various sizes of trucks and trailers available to accommodate differing orders. The customer is responsible for unloading- equipment is required on the job site to off load wire basket trees; our trucks do not come equipped with cranes.

Holding Charge

As of May 15th, all pre-dug trees will be subject to a holding fee; 10% on evergreens and 7.5% on deciduous. This helps offset the cost of watering and maintaining your trees past digging season. This date is subject to change depending on climate.

Over-sized Charge

Wire basket cedars fresh dug for immediate shipping in June, July & August may be subject to an over-size packaging charge of 5%. This is optional.

Orders

Orders booked are subject to being rendered void in whole or part in the event of crop losses, or lack of stock due to other causes which we have no control over.

Quotes

Quotes are based on availability as of the date quoted. Supply is not guaranteed beyond that date, we grant orders on a first come, first serve basis.

Guarantee

We guarantee stock to be true to name, size and in good condition at the time of shipping. If you notice any issues with your trees, please notify us as soon as possible so we can try to help remedy the situation. If a packaged tree dies within one year, it can be replaced at 50% of the cost. We do not guarantee any bare root trees.
