Shane & Karen Sloan & Family

Tim & Megan [Sloan] Kramer & Family

Bill & Connie Sloan

A tree farm. What place could be better?

They say (and I agree) that we learn more from our mistakes than we do our successes. By that standard, I would say the management at our tree farm is very learned. Just measuring from the mistakes (learning experiences) I've had in the last 12 months; I must be an absorbent sage.

Just this morning, we think we know why we've had such poor luck with our white pine plantings over the past two years. Planted too deep. Two springs ago we realized that the planting shoes had wore off an incredible 2.5". The sandy ground can do that. Note - it had happened over a period of 25 years, kind of like the frog in the pot of water scenario. Anyway, now some of our plantings are deeper than they should be. I'm the one who's supposed to be monitoring that. Apparently, I failed where the 2-0 White Pine were concerned. They REALLY don't like that.

And so it goes all the time on the tree farm, no two days in a row the same. I love work, and the people I get to do it with, and often wonder how heaven could possibly be better.

I hope you and yours have many successful failures over the next 12 months. I'm sure we will.

Bill Sloan and the whole crew!

Members of:

EVERGREENS

Abies balsamea Balsam Fir

Height: 20m
Spread: 8m

Shape: Pyramidal
Zone: 2

Mainly used in the Christmas tree industry. Bright green needles; more tolerant in different soil conditions than Fraser. Prefers acidic, moist to damp soils. Full sunlight is best, but they can handle partial shade. Does not handle urban pollution.

Red Cedar

Juniperus virginiana Red Cedar

Height: 15m
Spread: 3m

Shape: Pyramidal
Zone: 2

Pyramidal shape— green foliage that turns purple in the fall. Good specimen for mass planting; works well as a wind break, shelter or hedge. Tolerant of adverse conditions such as rocky, dry and windy areas.

EVERGREENS

Larix laricina American Larch

Height: 26m
Spread: 10m

Shape: Pyramidal
Zone: 2

Open & pyramidal with a slender trunk, horizontal branches and drooping branchlets. Fast growing in moist but well drained soils. They are green in the spring and summer, turning a golden/yellow colour in the fall before dropping their needles for winter. They are quite adaptable, but prefer full sun.

Picea abies Norway Spruce

Height: 25m
Spread: 7m

Shape: Pyramidal
Zone: 2

Fast grower with dark, short green needles. Excellent for windbreaks and hedges. They prefer average to moist soil conditions, but can not handle standing water. They should be planted in full sunlight.

Picea glauca White Spruce

Height: 20m
Spread: 6m

Shape: Pyramidal
Zone: 2

A very hardy species that is used for landscape as well as windbreaks, hedges, etc. Short needles with light green (blue tinge) needles. They can also be used as Christmas trees, but have poor needle retention once cut. They should be planted in full sunlight and can adapt to both dry and moist soils. They can tolerate some road salt and urban pollution.

Picea omorika Serbian Spruce

Height: 15m
Spread: 6m

Shape: Pyramidal
Zone: 4

Best used in landscape designs. Silvery green foliage with a white underside. They are a tough, adaptable tree, making them one of the more refined spruces for general landscape use. Prefers full sunlight with average to moist soil conditions, but not standing water.

 Fall Hazard

 Native to Canada

Pinus resinosa

Red Pine

Height: 20m
Spread: 12m

Shape: Rounded
Zone: 2

A very hardy and adaptable pine which become dense and artistic once mature. They tend to do well in poor, dry, sandy soils and prefer full sun. They make a good windbreak tree with its dense branching. It tends to dislike heavy, wet soils.

Red Pine

EVERGREENS

White Pine

Pinus strobus

White Pine

Height: 30m
Spread: 10m

Shape: Rounded
Zone: 3

Fast growing evergreen with long, soft needles. They tend to grow well in light soil but can windburn if they are planted in exposed areas, and thrive in sheltered areas. They require full sun, but are excellent for accent or shade trees.

White Cedar

EVERGREENS

Degroots Spire Cedar

Thuja occidentalis 'Degroots Spire' Degroots Spire Cedar

Height: 6-8m
Spread: 80-125cm

Shape: Narrow, Conical
Zone: 3

An excellent tree for providing vertical accents. This narrow, columnar variety tends to spiral when growing. While slow growing, the fine texture foliage is very attractive.

EVERGREENS

Thuja occidentalis 'Nigra' Black Cedar

Height: 8m
Spread: 2m

Shape: Narrowly Columnar
Zone: 3

Similar to the pyramidal varieties but broader at the base. Dark green foliage year round; transplants well. They make a great vertical accent and can be hardy and adaptable. They do best in full sunlight and in average to moist soil conditions.

Thuja occidentalis 'Techny' Techny Cedar

Height: 3-4m
Spread: 1.5-2m

Shape: Upright, Pyramidal
Zone: 2

A highly recommended landscape evergreen. It's a fast growing, hardy cedar that keeps its dark green colour year-round and is resistant to windburn. It's best used in a group planting, for hedging/screening purposes.

SIZE	GRADE	PACKAGE	5-9	10-24	25-99	100+	MINIMUM

EVERGREENS

Thuja occidentalis 'Wintergreen' Wintergreen Cedar

Height: 7m
Spread: 1.5m

Shape: Narrow, Pyramidal
Zone: 3

This is a quick-growing, multi-stem evergreen that will grow into a hedge or privacy screen. It holds its colour well during the winter and can tolerate shade better than most other cedar varieties.

SIZE	GRADE	PACKAGE	5-9	10-24	25-99	100+	MINIMUM

Canadian Hemlock

Tsuga canadensis Canadian Hemlock

Height: 20m
Spread: 5m

Shape: Pyramidal
Zone: 3

Evergreen with soft, dark, glossy green foliage. Branches are graceful with a slight droop. They are a delicate, beautiful conifer with an open habit of growth. They require adequate moisture, rich soil and protection from drying winds. Hemlock will grow in full sun or full shade. They are intolerant to pollution.

DECIDUOUS TREES

Acer x freemanii 'DTR 102' Autumn Fantasy Maple ☀️

Height: 16m Shape: Broadly Oval
Spread: 12m Zone: 3
Foliage: Green Fall Colour: Bright Red

A fast growing hybrid of Red and Silver Maple. It consistently produces very nice, long lasting fall colours.

Acer x freemanii 'Bailston' First Editions Matador Maple ☀️

Height: 13m Shape: Broadly Oval
Spread: 9m Zone: 4a
Foliage: Green Fall Colour: Red to Orange

This maple has similar branching and structure to the Autumn Blaze Maple. It is selected for a more intense fall colouration with a mixture of rich reds and oranges.

Acer x freemanii 'Celzam' Celebration Maple ☀️

Height: 16m Shape: Broadly Oval
Spread: 10m Zone: 3
Foliage: Green Fall Colour: Yellow to Orange

This freemanii cultivar has open branch angles and strong wood which resists storm and ice damage. It is tolerant of urban soils and boasts diverse fall colours. This maple transplants nicely and performs well in most planting conditions.

Acer x freemanii 'Firefall' Firefall Maple ☀️

Height: 15m Shape: Upright, Oval
Spread: 10m Zone: 3
Foliage: Green Fall Colour: Orange-Red

Deeply cut foliage, exceptional cold hardiness and bright red fall colours are among the special attributes of this tree. A fast growing, bright performing maple.

Acer x freemanii 'Marmo' Marmo Maple ☀️

Height: 16m Shape: Upright, Oval
Spread: 12m Zone: 3
Foliage: Green Fall Colour: Orange to Red

This maple is a seedless hybrid of Red and Silver Maple. It's growth rate and form are similar to that of a Silver Maple, while it's fall colours resembles a Red Maple. It's resistance to frost cracking is a plus.

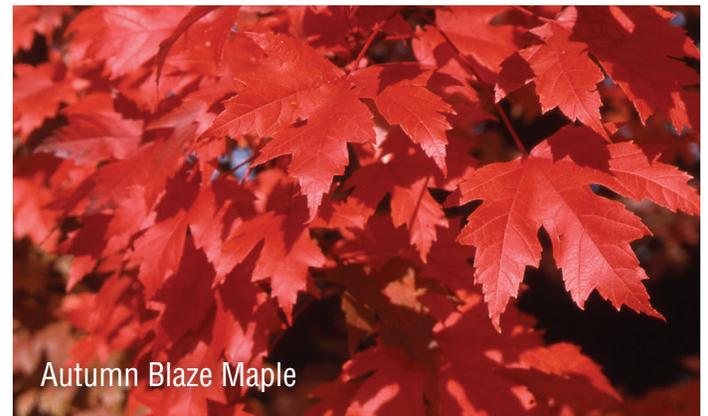

Acer x freemanii 'Sienna Glen®' Sienna Glen® Maple ☀️

Height: 16m Shape: Pyramidal
Spread: 11m Zone: 3
Foliage: Green Fall Colour: Orange to Burgandy

This hardy hybrid maple was discovered in Minnesota. It features a strong central leader and develops a pyramidal form with minimal pruning. This a tough, low maintenance tree.

Native Red Maple

DECIDUOUS TREES

Armstrong Red Maple

Acer rubrum 'Armstrong' Armstrong Red Maple

Height: 16m Shape: Narrow, Pyramidal
 Spread: 7m Zone: 3
 Foliage: Light Green Fall Colour: Yellow to Orange-Red

Armstrong is a fast growing columnar selection. It produces a very tall, narrow tree with ascending branches. It is often used for street planting where space is limited.

Acer rubrum 'Armstrong Gold' Armstrong Gold Maple

Height: 12m Shape: Upright, Narrow
 Spread: 4m Zone: 4
 Foliage: Medium Green Fall Colour: Golden-Orange

This maple is more compact with a greater foliage density than its parent 'Armstrong.' It boasts a brighter foliage colour and an improved columnar form.

Armstrong Gold Maple

DECIDUOUS TREES

Acer rubrum 'Brandywine' Brandywine Maple

Height: 8-10m Shape: Rounded, Oval
 Spread: 4-6m Zone: 4
 Foliage: Emerald Green Fall Colour: Red-Brilliant Purple

A cross of October Glory and Autumn Flame maples. Depending on the season, it can have a long-lasting showing of fall colours. It is a slower growing male tree that does not produce any seeds.

Acer rubrum 'Bowhall' Bowhall Maple

Height: 12m Shape: Columnar, Pyramidal
 Spread: 5m Zone: 4
 Foliage: Medium Green Fall Colour: Reddish-Orange

Bowhall is a columnar red maple with excellent fall colour. Works well for boulevard planting and confined areas. Red, showy flowers appear before the leaves emerge.

Acer rubrum 'Frank Jr.' Redpointe® Maple

Height: 14m Shape: Broadly Pyramidal
 Spread: 10m Zone: 4
 Foliage: Dark Green Fall Colour: Bright Red

Brilliant red fall colour plus upright, broadly pyramidal form make this tree a standout. A straight and dominant central leader results in strong branch angles that make it easier to grow.

Acer rubrum 'Franksred' Red Sunset Maple

Height: 14m Shape: Upright Branching, Oval
 Spread: 11m Zone: 4
 Foliage: Dark Green Fall Colour: Orange-Red to Red

Highly rated and reliable, this tree is vigorous with a strong and symmetrical branching pattern. Lustrous, glossy green summer foliage changes to brilliant shades of red and orange-red in the fall.

Acer rubrum 'Sun Valley' Sun Valley Red Maple

Height: 12m Shape: Symmetrically Oval
 Spread: 10m Zone: 4
 Foliage: Dark Green Fall Colour: Bright Red

A beautiful tree that is a hybrid between a Red Sunset Maple and Autumn Flame Maple, this tree features a very dense, oval head. In the fall you will see the dark green leaves change to a beautiful bright red.

DECIDUOUS TREES

Acer saccharinum

Silver Maple

Height: 18m Shape: Oval, Vase-Shaped
 Spread: 13m Zone: 3
 Foliage: Green, Silvery Fall Colour: Yellow

A fast growing tree that tolerates tough conditions. It has strong upright spreading branches, becoming vase shaped with age and should be used in open areas with plenty of space. It is highly tolerant of pollution and other conditions and does well in a variety of soils.

Acer saccharum

Sugar Maple

Height: 15m Shape: Upright Oval to Rounded
 Spread: 12m Zone: 3
 Foliage: Medium Green Fall Colour: Orange, Red, Scarlet

Canada's native tree known for its fine for fall colours. Somewhat slow growing, but long lived; prefers well drained soils.

Acer saccharum 'Bailsta'

Fall Fiesta Sugar Maple

Height: 15-18m Shape: Upright, Rounded
 Spread: 13-15m Zone: 3
 Foliage: Dark Green Fall Colour: Bright Red

One of the faster-growing sugar maple cultivars. Once established it can tolerate high winds, heat and occasional drought. In settings where red maple cultivars do not perform well, the Fall Fiesta Sugar Maple is an excellent alternative.

Acer saccharum 'Flashfire' (JFS-Caddo-2)

Flashfire Sugar Maple

Height: 13-14m Shape: Broadly Oval
 Spread: 12-13m Zone: 4
 Foliage: Dark Green Fall Colour: Bright Red

Features dark green summer leaves with a very bright red, early fall colour. The flashfire Sugar Maple is mildew resistant and has a very strong growth habit.

Acer saccharum 'Green Mountain'

Green Mountain Sugar Maple

Height: 18-20m Shape: Broadly Oval
 Spread: 15-17m Zone: 3
 Foliage: Dark Green Fall Colour: Reddish-orange, Red

The hardiest of all Sugar Maples, it can tolerate drought and hot summer winds. Great for large lawns or parks.

Autumn Brilliance Serviceberry

Princess Diana Serviceberry

Amelanchier x grandiflora 'Princess Diana' Princess Diana Serviceberry ☀️☁️

Height: 5-6m Shape: Upright, Oval
 Spread: 3-4m Zone: 4
 Foliage: Dark Green Fall Colour: Red

A serviceberry tree that tolerates a wide range of soils and conditions. It can be grown as a specimen tree or a multi-stemmed shrub. The edible red berries ripen to a dark purplish-black in June. The fall colour is an outstanding red that colours early and is long-lasting.

Amelanchier x grandiflora 'Robin Hill' Robin Hill Serviceberry ☀️☀️☁️

Height: 6-8m Shape: Upright, Oval
 Spread: 4-5m Zone: 4
 Foliage: Lush Green Fall Colour: Orange-Red

A very well-formed serviceberry that is a more vigorous grower than other cultivars. The ripe berries are edible and attractive to birds. It has an oval-shaped crown with slightly ascending branches. The soft pale pink flowers will fade to white before the leaves emerge. A serviceberry ideal for street planting.

Heritage Birch

DECIDUOUS TREES

Betula platyphylla 'Dakota Pinnacle' (Fargo) Dakota Pinnacle Birch

Height: 8-9m Shape: Pyramidal, Columnar
Spread: 5-6m Zone: 3
Foliage: Dark Green Fall Colour: Bright Yellow

This is a narrow, columnar cultivar with a strong central leader. The dark green foliage turns bright yellow in the fall and boasts a white, papery bark. It prefers consistently moist conditions, is tolerant of urban pollution and makes for a good specimen tree.

SIZE	GRADE	PACKAGE	5-9	10-24	25-99	100+	MINIMUM

Carpinus betulus European Hornbeam

Height: 16-18m Shape: Pyramidal, Columnar
Spread: 9-12m Zone: 4
Foliage: Green Fall Colour: Yellow-Orange

This tree, if pruned properly, provides excellent dense shade or can be pruned into a hedge in the late summer. The green foliage turns into an undistinguished yellow to orange in the fall. Attractive yellow or green catkins appear in the early spring.

SIZE	GRADE	PACKAGE	5-9	10-24	25-99	100+	MINIMUM

Carpinus betulus 'Frans Fontaine' Frans Fontaine Hornbeam

Height: 10-12m Shape: Upright, Narrow
Spread: 4-5m Zone: 4
Foliage: Dark Green Fall Colour: Golden Yellow

The Frans Fontaine is the narrowest of all European Hornbeam cultivars. This tree works well as a hedging tree and can tolerate urban conditions and drought, making it a great boulevard or street tree.

SIZE	GRADE	PACKAGE	5-9	10-24	25-99	100+	MINIMUM

DECIDUOUS TREES

American Hornbeam

Carpinus caroliniana American Hornbeam

Height: 8-10m Shape: Spreading, Rounded
 Spread: 8-10m Zone: 3
 Foliage: Green Fall Colour: Yellow, Orange, Red

An Ontario tree also known as a Blue Beech. The yellow/green catkins turn into a distinctive cluster of winged nutlets. It is suitable for lawns or naturalized in woodland areas.

Carpinus caroliniana 'Uxbridge' Rising Fire American Hornbeam

NEW!

Height: 8-10m Shape: Spreading, Rounded
 Spread: 8-10m Zone: 3
 Foliage: Green Fall Colour: Yellow, Orange, Red

Bright fall colours and distinctive columnar shape combine to offer a new look for a widely adaptable tree, with its vigorous, yet mannerly growth habit and ease of care in the landscape. Originated in Ontario, it promises good cold hardiness.

Celtis occidentalis

Hackberry

Height: 14m Shape: Broad Top, Arching Branches
 Spread: 11m Zone: 2
 Foliage: Light Green Fall Colour: Yellow

Tolerant of harsh climactic conditions as well as urban abuse, this deep rooted tree rarely lifts sidewalks. The rough, corky bark adds interest and resists damage.

Fall Hazard

Native to Canada

Fagus sylvatica European Beech

Height: 15-18m Shape: Pyramidal, Columnar
Spread: 12-15m Zone: 4
Foliage: Glossy Green Fall Colour: Golden Bronze

A large tree at maturity, ideal for open spaces like parks, large lawns. Low-branch trees can be planted in groupings and pruned to create a dense screening. The dark green, wavy leaves will turn a golden-bronze in the fall which then will turn to light brown and persist well into the next year. It will produce a nut enclosed in a spiny bract.

SIZE	GRADE	PACKAGE	5-9	10-24	25-99	100+	MINIMUM
45mm	No.1	26" WB	\$340.00	\$295.00	\$270.00	\$250.00	5

Rivers Purple Beech

Fagus sylvatica 'Dawcyk Purple' Dawcyk Purple Beech

Height: 12-15m Shape: Upright
Spread: 4-5m Zone: 5
Foliage: Red-Purple Fall Colour: Red-Brown

An excellent individual specimen tree that can be used in small groupings in the landscape or planted in rows for screening. It is a slender, upright form with slightly wavy purple-red leaves. The fall foliage will turn to a brown colour.

Fagus sylvatica 'Red Obelisk' Red Obelisk Beech

Height: 12-15m Shape: Upright
Spread: 4-5m Zone: 4
Foliage: Purple Fall Colour: Bronze

An ideal vertical accent for smaller landscape gardens known for its unique, crinkled or wavy foliage. Excellent as an individual specimen, in a small grouping in the landscape, or planted in rows for screening and privacy. Very little pruning is required.

Fagus sylvatica 'Riversii' Rivers Purple Beech

Height: 16-18m Shape: Upright, Oval
Spread: 10-12m Zone: 4
Foliage: Deep Purple Fall Colour: Bronze

A majestic tree with great visual appeal, ideal for a large estate lawn or park settings. Its dark colour foliage will stand out amongst typically green surroundings. Very little pruning is required to keep its shape. The deepest purple foliage of any of the purple-leaved beeches.

DECIDUOUS TREES

Maidenhair Tree

Ginkgo biloba Maidenhair Tree

Height: 15m Shape: Upright, Broad
Spread: 11m Zone: 4
Foliage: Green Fall Colour: Yellow

This tree is the only surviving members of a group of ancient plants believed to have inhabited the earth up to 150 million years ago. It also has many medicinal benefits. It is an upright tree with fan-shaped leaves with parallel looking veins. It is very resistant to disease.

Ginkgo biloba 'Magyar' Magyar Maidenhair Tree

Height: 16-18m Shape: Upright, Pyramidal
Spread: 6-8m Zone: 4
Foliage: Green Fall Colour: Golden Yellow

With its narrow growing habit, the Magyar Ginkgo is a great tree for smaller, tighter landscape areas.

Ginkgo biloba 'Autumn Gold' Autumn Gold Maidenhair Tree

Height: 12-15m Shape: Upright, Spreading
Spread: 9-10m Zone: 4
Foliage: Green Fall Colour: Golden Yellow

This tree is a low-maintenance tree with no serious insect or disease problems. When the leaves drop, they drop rapidly leaving a golden carpet around the base of the tree. A great tree for its uniform habit, unique leaf shape and bright fall colour.

Ginkgo biloba 'Princeton Sentry' Princeton Sentry Maidenhair Tree

Height: 13-15m Shape: Pyramidal, Conical
Spread: 6-8m Zone: 4
Foliage: Green Fall Colour: Golden Yellow

Stiffly upright branches of this very narrow cultivar form a slender, pyramidal crown that's a good fit for city streets. It is a seedless, male selection of the widely adaptable species that has proven to be a top-performing urban tree.

Autumn Gold Maidenhair

DECIDUOUS TREES

Gleditsia triacanthos 'Draves' Street Keeper Honey Locust

Height: 12-15m Shape: Tightly Pyramidal
Spread: 6-7m Zone: 4
Foliage: Dark Green Fall Colour: Yellow

An ideal street tree with an upright canopy half the size of other locust trees. Medium growth rate with and tolerates a wide range of conditions. Foliage develops in the late spring.

Gleditsia triacanthos 'Harve' Northern Acclaim Honey Locust

Height: 12m Shape: Broadly Pyramidal
Spread: 9m Zone: 3b
Foliage: Dark Green Fall Colour: Yellow

This is the hardiest of all honey locust cultivars which features an almost oriental horizontally-tiered branches.

Gleditsia triacanthos 'Shademaster' Shademaster Honey Locust

Height: 16m Shape: Upright, Broadly Oval
Spread: 12m Zone: 4
Foliage: Medium Green Fall Colour: Brilliant Orange-Red

One of the finest and most popular shade trees, valued for its delicate, ferny appearance which casts a dappled shade below. It is an open deciduous tree with an upright spreading habit of growth. This is a relatively low maintenance tree that deer don't particularly care for and will usually leave alone.

Gleditsia triacanthos 'Skyline' Skyline Honey Locust

Height: 15m Shape: Broadly Pyramidal
Spread: 10m Zone: 4
Foliage: Medium Green Fall Colour: Golden

The most widely used Honey Locust cultivar. Its upright spreading branch angles, well behaved form and environmental tolerances make Skyline an ideal street tree in many situations.

Skyline Honey Locust

DECIDUOUS TREES

Gymnocladus dioicus Kentucky Coffee Tree

Height: 20m Shape: Oval to Vase
Spread: 15m Zone: 4
Foliage: Green Fall Colour: Yellow

Stark and rugged in the winter, this picturesque native tree becomes tropical in appearance in the summer. White flowers are showy and fragrant, followed by flattened reddish-brown pods.

Gymnocladus dioicus 'Espresso-JFS' Espresso Coffee Tree

Height: 14-16m Shape: Oval to Vase
Spread: 10-11m Zone: 4
Foliage: Blue Green Fall Colour: Yellow

Large, frond-like, doubly compound leaves form a canopy of dappled shade that gives this city-tough tree an airy, tropical feel. The arching branches of this seedless selection present an elm-like shape as the tree matures. Good tolerance of heat, drought, cold and alkaline soils.

PRICING APPLIES TO THE PREVIOUS 2 VARIETIES

Kentucky Coffee Tree

Juglans nigra Black Walnut

Height: 25m Shape: Oval to Round
Spread: 18m Zone: 3
Foliage: Dark Green Fall Colour: Yellow

This hardy nut tree produces delicious edible nuts. The leaves are fragrant when crushed. Some plants are highly sensitive to juglone chemical this tree produces, so careful considerations should be given to the surrounding plants.

Liquidambar styraciflua 'Moraine' Moraine Sweetgum

Height: 15-18m Shape: Upright, Pyramidal
Spread: 10-12m Zone: 5
Foliage: Dark Green Fall Colour: Yellow, Red, Purple

A slow to medium growing tree that is an excellent ornamental shade tree with brilliant fall colours. It's suitable for a wide variety of locations, including wetter areas. It will show the best fall colours in slightly acidic soils.

Moraine Sweetgum

DECIDUOUS TREES

Slender Silhouette Sweetgum

Liquidambar styraciflua 'Slender Silhouette' Slender Silhouette Sweetgum

Height: 15-16m Shape: Pyramidal/Columnar
 Spread: 2-3m Zone: 5
 Foliage: Dark Green Fall Colour: Yellow, Orange-Red

An upright, narrowly columnar tree with star-shaped, glossy dark green leaves. The fall colour is a brilliant mixture of Yellow to orange-red. This is a slow to medium growing specimen.

Liquidambar styraciflua 'Worplesdon' Worplesdon Sweetgum

Height: 12-13m Shape: Oval, Pyramidal
 Spread: 7-8m Zone: 5
 Foliage: Glossy Green Fall Colour: Yellow, Red, Purple

Consistently provides good fall colour. Each of the lobes of the leaf is divided into additional lobes, giving the foliage a unique appearance. 'Worplesdon' features more deeply-cut leaf lobes, and a smaller eventual size, than the species.

Chanticleer Pear

Pyrus calleryana 'Chanticleer'[®] Chanticleer[®] Pear

Height: 13m Shape: Upright, Narrowly Pyramidal
 Spread: 5m Zone: 5
 Foliage: Glossy Green Fall Colour: Red

A densely growing, narrow selection suitable for street plantings. This tree has an upright, narrow form with white spring flowers that turn to crisp green summer foliage and red-purple colours in the fall.

Pyrus calleryana 'Cleveland Select' Cleveland Select Pear

Height: 7-9m Shape: Pyramidal, Narrow
 Spread: 4-6m Zone: 5
 Foliage: Glossy Green Fall Colour: Red-Purple

The Cleveland Select Pear is a show-stopper all season long. It is pyramidal-shaped and one of the hardier "Calleryana" pears. It has dark, glossy-green foliage and is covered in white flowers in the spring that turn a brilliant red-purple in the fall. Plant as a standalone tree, street tree or accent plant.

Spread: 15-18m Zone: 4
Foliage: Glossy Green Fall Colour: Yellow, Red-Purple

A beautiful native tree with lustrous, heavy textured green leaves with wavy margins. Adaptability to wet, poorly drained soils and tolerance to drought make it a fine choice for urban settings.

Quercus coccinea Scarlet Oak

Height: 16-20m Shape: Upright, Spreading
Spread: 13-15m Zone: 4
Foliage: Glossy Green Fall Colour: Dark Red

A very attractive tree that is suitable for drier conditions, and has a long-lasting fall colour. Because of its size, it requires a large open area for planting. The glossy green leaves will turn to a brilliant dark/scarlet red in the fall. The insignificant catkins are followed by oval acorns.

Quercus macrocarpa Burr Oak

Height: 22m Shape: Broadly Oval
Spread: 18m Zone: 3
Foliage: Dark Green Fall Colour: Yellow-Brown

A large, hardy and impressive native tree with a thick trunk and corky branches. Does well in a wide range of soils.

Quercus palustris Pin Oak

Height: 20-25m Shape: Broadly Oval
Spread: 13-18m Zone: 4
Foliage: Dark Green Fall Colour: Deep Red

Pin Oak is a tree with a very distinctive growth habit. The strong central leader is maintained at the top. Branches are long, slender and horizontally layered, giving this large tree an elegant appearance.

Quercus rubra Red Oak

Height: 22m Shape: Rounded
Spread: 20m Zone: 4
Foliage: Dark Green Fall Colour: Red

Red Oak is a large, fast growing, broad headed tree. The large leaves turn from a rich green to deep red in the fall. Able to withstand city pollution and adaptable to street plantings.

Burr Oak

DECIDUOUS TREES

Quercus palustris 'Pringreen'

Green Pillar Oak

Height: 14m Shape: Pyramidal, Upright
 Spread: 3m Zone: 4
 Foliage: Dark Green Fall Colour: Deep Red

A narrowly columnar tree with glossy, dark green leaves turning deep red late in the fall. Insignificant flowers are followed by oval acorns.

Quercus robur 'Fastigiata'

Pyramidal English Oak

Height: 18m Shape: Pyramidal, Upright
 Spread: 4m Zone: 5
 Foliage: Dark Green Fall Colour: Yellow-Brown

Pyramidal shape with dense, upright branches. Rapid grower that often holds its foliage through the winter. Suitable for windbreaks and narrow spaces.

Quercus robur 'Fastigiata' x *Bicolor* 'Long'

Regal Prince Oak

Height: 14m Shape: Columnar, Narrow
 Spread: 6m Zone: 4
 Foliage: Bright Green Fall Colour: Yellow

This is a tall growing, narrow tree suitable for landscapes where space is limited, or where vertical accent is desired. Its fall colour is showier than the Pyramidal English Oak.

Quercus robur x *alba* 'Crimschmidt'

Crimson Spire Oak

Height: 15m Shape: Columnar, Fastigiata
 Spread: 5m Zone: 4
 Foliage: Dark Green Fall Colour: Rusty Red

A columnar tree with bluish green foliage which will turn rusty red in the fall. A great choice for areas with limited space.

Quercus robur x *alba* 'Skinny Genes' (JFS-KW2QX)

Skinny Genes Oak

Height: 12-13m Shape: Pyramidal, Narrow
 Spread: 2-3m Zone: 4
 Foliage: Dark Green Fall Colour: Yellow

As one of the narrowest Oak cultivars, this tree can be planted as a living wall, a visual screen or a street tree. It adds an exclamation point to the landscape when planted individually. It is adaptable to a variety of soils and conditions. The glossy, dark green, mildew-resistant leaves will turn yellow in the fall.

Quercus x *bimundorum* (JFS-KW1QX)

Streetspire Oak **NEW!**

Height: 18m Shape: Pyramidal, Upright
 Spread: 4m Zone: 5
 Foliage: Dark Green Fall Colour: Yellow-Brown

Pyramidal shape with dense, upright branches. Rapid grower that often holds its foliage through the winter. Suitable for windbreaks and narrow spaces.

Quercus x *Warei* 'Kindred Spirit' (Nadler)

Kindred Spirit Oak

Height: 8-9m Shape: Upright, Compact
 Spread: 1.5-2m Zone: 4
 Foliage: Dark Green Fall Colour: Yellow

An extremely tight, narrow tree tolerant of urban conditions and drought with mildew-resistant leaves. An excellent selection for areas where space is limited and it is suitable for street planting. The foliage is dark green with a silvery underside that will turn yellow to yellow-brown in the fall.

DECIDUOUS TREES

Ivory Silk Lilac

Syringa reticulata 'Ivory Silk' Ivory Silk Lilac

Height: 7m Shape: Broadly Oval
Spread: 5m Zone: 3
Foliage: Dark Green Fall Colour: Yellow

This is a medium-size sturdy tree with large, fragrant heads of creamy-white flowers in early July. It can be used as a specimen tree or in small group plantings.

Tilia americana Basswood

Height: 25m Shape: Rounded, Pyramidal
Spread: 15m Zone: 3
Foliage: Dark Green Fall Colour: Yellow

A well-formed tree with heart shaped leaves and a clean, straight trunk. Fragrant yellow flowers will appear in early summer.

Basswood

DECIDUOUS TREES

Tilia americana 'Redmond'

Redmond Linden

Height: 15-20m Shape: Pyramidal, Columnar
 Spread: 9-10m Zone: 4
 Foliage: Dark Green Fall Colour: Pale Yellow

A good shade tree that can tolerate some shade and drought but is generally intolerant to pollution. The dark green, oval leaves will be a pale yellow in the fall. Fragrant pale yellow flowers will appear in the spring.

Tilia cordata 'Greenspire'

Greenspire Linden

Height: 18m Shape: Pyramidal, Symmetrical
 Spread: 12m Zone: 3
 Foliage: Dark Green Fall Colour: Yellow

This durable cultivar has become the standard of comparison among the lindens. It has a strong central leader, very uniform branching and a symmetrical, pyramidal form.

Tilia tomentosa 'Sterling'

Sterling Linden

Height: 15m Shape: Pyramidal, Symmetrical
 Spread: 9m Zone: 6
 Foliage: Dark Green Fall Colour: Gold

A magnificent shade tree with a strong shape throughout its life. It's a very tidy, low maintenance tree that makes an excellent lawn specimen. The yellow flowers bloom early in the summer when few other trees bloom.

Tilia x flavescens 'Glenleven'

Glenleven Linden

Height: 14m Shape: Pyramidal to Oval
 Spread: 10m Zone: 3
 Foliage: Green Fall Colour: Yellow

A fast growing Linden with medium sized leaves. A very nice shade tree with creamy-white flowers in the summer.

PRICING APPLIES TO THE PREVIOUS 4 VARIETIES

Ulmus americana 'Brandon'

Brandon Elm

Height: 11-12m Shape: Upright, Vase Shape
 Spread: 6-7m Zone: 2
 Foliage: Dark Green Fall Colour: Gold

Fast-growing, extremely hardy tree with a very dense branching structure. Their dark green serrated leaves turn gold in the fall. A fairly low-maintenance shade tree that blends well into any landscape.

Ulmus americana 'Princeton'

Princeton Elm

Height: 18-23m Shape: Vase
 Spread: 10-15m Zone: 3
 Foliage: Dark Green Fall Colour: Yellow

Often considered the most ornamental shade tree, Princeton Elm is the ultimate street tree that is very hardy and extremely adaptable. It has some disease resistance but use caution when planting where Dutch Elm disease is a problem.

Ulmus americana 'Valley Forge'

Valley Forge Elm

Height: 18-21m Shape: Vase
 Spread: 15-18m Zone: 5
 Foliage: Dark Green Fall Colour: Pale Yellow

This is a large shade tree that is excellent for large properties and parks. It is resistant to Dutch elm disease, and tolerant of urban conditions, including drought. The serrated pointy leaves turn a beautiful pale yellow in the fall.

DECIDUOUS TREES

Ulmus 'Frontier' Frontier Elm

Height: 10-12m Shape: Upright, Oval
 Spread: 7-9m Zone: 5
 Foliage: Dark Green Fall Colour: Yellow, Red-Purple

This medium to fast growing tree has a smaller mature size, making it suitable for landscapes where space is limited. The leaves are reddish when young, turning green in the summer and yellow to red-purple in the fall. Frontier Elms are heat and drought-tolerant.

Ulmus 'Morton' Accolade Elm

Height: 17m Shape: Vase
 Spread: 12m Zone: 4
 Foliage: Dark Green Fall Colour: Yellow

This is a large tree with arching, vase shaped leaves that are glossy green in the summer and turn yellow in the fall. It will tolerate stress conditions such as pollution and drought. It has a great resistance to Dutch Elm disease and others pests/diseases.

Ulmus x 'Homestead' Homestead Elm

Height: 15m Shape: Upright, Narrow Oval
 Spread: 9m Zone: 4
 Foliage: Dark Green Fall Colour: Yellow

This medium-growing shade tree has a notable yellow fall colour making it an excellent specimen for lawns or parks. It is tolerant of urban conditions and resistant to Dutch Elm disease.

Triumph Elm

Ulmus x 'Triumph' (Morton Glossy) Triumph Elm

Height: 18-20m Shape: Oval, Upright
 Spread: 12-13m Zone: 4
 Foliage: Dark Green Fall Colour: Golden

This cultivar is resistant to Dutch Elm disease and is tolerant to urban conditions. The dark green leaves will turn to a golden colour in the fall.

HARDINESS ZONE MAP

TERMS AND CONDITIONS

Prices

This price list cancels all previous price lists. Prices shown are based on market conditions at the time this book was published. All prices are F.O.B our yard, Bothwell, Ontario and are subject to change without notice.

Terms

All orders are to be paid in full before the trees are dug. Invoices will be emailed to you before we dig your order. We accept cash, MasterCard, Visa, Interact, Debit, E-transfer, Direct Deposit and credit card payments through quickbooks online.

H.S.T.

13% HST will be charged on all sales.

Delivery

Stock can be delivered throughout most of Ontario with our fleet of 48' flatbeds or smaller gooseneck trailers. Customers are responsible for unloading stock, not the drivers. The delivery fee covers the cost of getting your order from our yard to yours; once it arrives in your yard it is your responsibility to unload it off the truck. If you're able to pick up your own stock with a truck/trailer, that is ideal. Please be sure to bring appropriate straps and tarps to protect the trees.

Holding Charge

As of May 15th. all pre-dug trees will be subject to a holding fee to cover the cost of maintaining your trees; 10% on evergreens and 7.5% on shade trees. This date is subject to change depending on climate.

Over-sized Charge

Wire basket cedars fresh dug for immediate shipping in June, July and August may be subject to an oversize packaging charge of 5%. This is optional.

Orders

Orders booked are subject to being rendered void in whole or part in the event of crop losses, or lack of stock due to other causes over which we have no control.

Quotes

Quotes are based on availability as of date quoted. Supply is not guaranteed beyond that date, we grant orders based on a first come, first serve basis.

Guarantee

We guarantee stock to be true to name, size and in good condition at the time of shipping.

If any B&B, bb, or WB trees die within one year, replacements can be purchased for 50% of the original cost. There is no guarantee on bare root trees.

Claims

Check your plants upon arrival. Any shortages, damages, errors, rejections or discrepancies must be made within 5 days of receipt of stock to receive consideration.

Restocking Fee

All orders must be prepaid before we dig. Once your order is harvested, the trees are yours.

We can not give refunds or credits once orders have been dug.

SLOAN NURSERY OFFICE STAFF

Travis Van Middelkoop

Nursery Sales, Logistics, Accounts Receivable

After finishing a 2-year business program at Fanshawe College in 2007, Travis took over managing the office with a focus on nursery sales. Travis enjoys working with wholesale customers ensuring their seasonal requirements are met. In his spare time, he can often be found at the arena (2 kids in travel hockey), golfing, travelling or getting his exercise in by playing with his kids at home.

Nicole Newport

Field Manger, Hand Dug Nursery Stock, Christmas Tree Sales

What started as an in-between job, turned into 29 years and counting. Nicole bounces between the field operations and office duties. Married to Kurt who also works on the farm: Maintenance Manager. Kurt & Nicole also do cash crops and enjoy spending time at home with family.

Ted Van Middelkoop

Bookkeeping/Advertising

Ted has been one of our bookkeepers for 38 years. He's a boss of the books and keeps our spreadsheets balanced. When he's not matching up the debits and credits at the office, he finds himself busy tending his cattle farm, showing off his musical talents, taking part in various Optimist Club meetings and events, volunteering at his church or spending time with his family.

Megan Kramer

Bookkeeping/Accounts Payable

Megan is the daughter of Bill and Connie and used to work the summers in the fields at the farm. After marrying Tim (who also works on the farm) and taking time off to raise 4 children, the time was right to take over the position from one of our long-time bookkeepers in 2019. Megan is in charge of payroll, expenses, and all government things. Megan and Tim also do cash crops and are involved with volunteer work with their church and children's school. In her free time, Megan enjoys reading, cross-stitching, and spending time at home with her family!
